PREFACE

The first edition of Class Z, *Bibliography and Library Science*, was published in 1902, the second in 1910, the third in 1926, the fourth in 1959 (reprinted with supplementary pages in 1965), and the fifth in 1980. A 1995 edition cumulated all additions and changes that had been made since 1980. The 2001 edition, which cumulated changes made between 1995 and 2001, was the first to be published under the expanded title *Bibliography. Library Science. Information Resources*, and the first to include subclass ZA, *Information Resources (General)*, which was approved for use at the Library of Congress in 1996. The 2006 edition cumulated changes made between 2001 and 2006. This 2009 edition cumulates changes made since 2006.

Classification numbers or spans of numbers that appear in parentheses are formerly valid numbers that are now obsolete. Numbers or spans that appear in angle brackets are optional numbers that have never been used at the Library of Congress but are provided for other libraries that wish to use them. In most cases, a parenthesized or angle-bracketed number is accompanied by a “see” reference directing the user to the actual number that the Library of Congress currently uses, or a note explaining Library of Congress practice.

Access to the online version of the full Library of Congress Classification is available on the World Wide Web by subscription to *Classification Web*. Details about ordering and pricing may be obtained from the Cataloging Distribution Service at:

<<http://www.loc.gov/cds/>>

New or revised numbers and captions are added to the L.C. Classification schedules as a result of development proposals made by the cataloging staff of the Library of Congress and cooperating institutions. Upon approval of these proposals by the weekly editorial meeting of the Policy and Standards Division, new classification records are created or existing records are revised in the master classification database. Weekly lists of newly approved or revised classification numbers and captions are posted on the World Wide Web at:

<<http://www.loc.gov/aba/cataloging/classification/weeklylists/>>

Libby Dechman, subject cataloging policy specialist in the Policy and Standards Division, is responsible for coordinating the overall intellectual and editorial content of class Z. Kent Griffiths, assistant editor of classification schedules, is responsible for creating new classification records, maintaining the master database, and creating index terms for the captions.

National bibliography

For each country, national bibliography includes:

Books printed and published in that country; books by natives or resident authors;

Books written in the language of that country by foreigners (if not confined to authors of one foreign country), i. e., a bibliography of French literature produced by Belgian, Canadian, Italian, Romanian, Russian, and Swiss authors would class under France; but a bibliography of French-Canadian literature would class under Canada;

That country as subject: General bibliographies, and special having to do with literature, biobibliography, history, and description.

Other special, as art, music, agriculture, geology, etc, are classed with subject bibliography in Z5051+

Subject bibliography

Subjects are arranged in an alphabetical sequence; however, since a large number of the subjects are broad in scope and supplied with subtopics, it is suggested that the general index to the schedule be used in locating any subject

For abstracts giving substantive information, see the subject in classes A-Z

For mechanized bibliographic control of subject bibliography see Z699.5.A+

Academies. Societies. Universities. Museums

Including only bibliography of the learned publications whether official, faculty, or graduate

Including conference proceedings in general, not limited to a specific topic, whether explicitly associated with an organization or not

For bibliographies of society publications relating to a special subject, see the bibliography of that subject

For bibliographies of universities or schools as subject see Z5816.A+
